Section

Paragraph See Changes to the Statement of Community Involvement comments

Objecting to the omission from the Statement of Community Involvement.

If so, where should the new section or text go in the document (please be as precise as possible)? (see below to enter suggested text)

Reason for Objection

If you wish to object, please make clear (by ticking the relevant box) in what way the Statement of Community Involvement, or a particular part of the document, fails the tests of 'soundness' against which it will be judged by an independent Inspector:

it **does not comply** with the minimum requirements for consultations as set out in the Town and Country Planning (Local Development) (England) Regulations 2004

the strategy for community involvement **does not link** with other community involvement initiatives, e.g. Community Strategy for Chichester District

it **does not specify** in general terms, which local community groups and other bodies will be consulted

it **does not identify** how the community and other bodies can be involved in a timely and accessible manner

methods of consultation to be employed are **not suitable** for the intended audience and for the different stages in the preparation of local development documents

resources are **not available** to manage community involvement effectively

it **does not show** how the results of community involvement will be fed into the preparation of development plan documents and supplementary planning documents

it **does not set out** a mechanism for reviewing the Statement of Community Involvement

it **does not clearly describe** the planning authority's policy for consultation on planning applications

Changes to the Statement of Community Involvement

Please give details of what change(s) you would like to see and why, having regard to the tests of soundness listed.

Please be as precise as possible.

Appendix 2:

Sub heading: Forums

DELETE final sentence "They will form the basis of our Parish Council engagement"

Heading: "Examples of existing Consultation Structures"

DELETE final sentence: "They will form the basis of our Parish Council engagement"

INSERT new sentence: "They will complement our existing 'Direct Parish' engagement".

Appendix 6:

List of Statutory Consultees.

Sub heading Parish and Town councils and those

INSERT at beginning of sentence: "Individual".

REASONS:

Tangmere Parish Council recognises the extent of Brownfield potential that exists within Tangmere. 16% of identified site potential is in Tangmere.

Furthermore there exists a real threat of significant Greenfield allocation in Tangmere.

For these reasons direct consultation with Tangmere Parish Council will demonstrate how CDC intends to strengthen community involvement, and provide the opportunity for more people to influence how the Tangmere community is developed.

Current CDC consultation on planning applications in Tangmere is directly with Tangmere Parish Council, not the Lavant Valley Partnership.

Tangmere Parish Council wishes the status quo to remain throughout the LDF process.

(Continue on a separate sheet if necessary)

Written Representations

NO

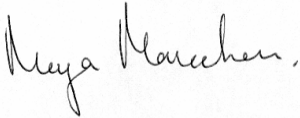

Attend Examination, if so please outline why you consider this to be necessary:

The Inspector will determine the most appropriate procedure to adopt in order to consider responses from those respondents who have indicated that they wish to attend the Examination.
